, the Huddersfield-based distributors of the SMT brand – twice a winner of the world long driving championship – says the 455 Deep Bore driver will make your playing partners sit up and take notice.. 'Fancy having a go with this new driver?' I ask innocently 'It's the same make which holds several world long driving records.. A bonus with the SMT club is its headcover With such a big head, it's a tight fit, but the unique magnetised flaps help keep it protected, though on occasions you can pull more than one club when nearby steel shafts are attracted by the cover, too! Verdict It's an awesome-looking club for those with the strength and build to make the most from their swing and if they're demanding raw power.. Some couldn't wait to get their hands on it to see if it lived up to its reputation – a clever ploy of mine when I'm looking to gain a small early advantage when financial wagers have been set for a round.

' And by the time they've discovered it might not be quite what they're looking for, me and my partner are four up!The SMT 455 Deep Bore (mine had an 11-degree loft and grafalloy Prolite 35-R regular shaft) is not everyone's cup of tea, especially with its deeper face and lack of scorelines.. It will impress their friends at a moderate price Smt 455 Deep Bore DriverFor me, it was straight and forgiving but not a particularly enjoyable experience unless I was looking to score a psychological advantage over opponents by loaning it out! Golfmagic rating: 8/10.. It's certainly a big beast, as several golf colleagues will testify when they first spotted the large, crimson, bulbous head and addressed it against their ball on the tee.. While you pay £125 for the Prolite shaft to be fitted, an Assassin II Accuflex shaft will bring the price to £135. [Anymp4 Registration Code](#)
